Veterinarian for us to contact:

Owning a dog is a lifetime commitment and we take placing our puppies in their forever homes as a very important part of our breeding goals. We require this Questionnaire to help us both decide if you are prepared to assume the responsibility and level of care which we would like to ensure for each puppy we produce. Akita ownership is not for everyone. Being sure the Akita is the right breed for you is as important to us as it is to you. We encourage all of our prospective buyers to ask a lot of questions prior to purchasing a puppy. We also will be happy to answer your questions for the life of your puppy after the sale.
